

ACTUAL SIZE

Figure 1 is a dimensional drawing of the PLS (Pilot Laser System). It shows a central circular feature with a diameter of .144 [3.66] DIA. HOLE. Four smaller circular features, each with a diameter of .065 [1.65] DIA. HOLE, are positioned at the corners. The distance between the center of the central feature and the center of a corner feature is .187 [4.75] horizontally and .276 [7.01] vertically. The corner features are located at a distance of $\pm .002$ [± 0.05] from the center of the central feature. The drawing is labeled (4) PLS.
