

QUICK-LINK ACCESSORY FOR UP-LINK™ FUSE HOLDER

Daisy Chain Connector

Description

Littelfuse Quick-LINK daisy chain connectors provide optimal utilization of multiple Up-LINK remote indicating fuse holders when integrated with a PLC. These products are used to daisy chain multiple Up-LINK units together and reduce the number of PLC I/O ports required.

Dimensions Inches (mm)

3-pole

9-pole

Features/Benefits

- Requires only one PLC I/O port for multiple Up-LINK fuse holders
- Simple snap-in feature saves installation and assembly costs
- Connectors can be cut to size to fit number of poles other than 3 or 9.
- Custom length wires can be soldered to available terminals for application flexibility
- Allow for parallel connection of any number of Up-LINK fuse holders
- Only two wire connections required for use
- Compatible with Up-LINK remote indication fuse holder

Specifications

Voltage Rating	28 VDC
Amperage	25 mA maximum current
Extension Wire Size	20 AWG Stranded Max. 18 AWG Solid Max.
