KVM Switch Accessories - KVM Console Extender Kit

MODEL NUMBER: **B013-000**

Description

Connect a remote console (monitor, keyboard and mouse) up to 500 feet away from your PC or KVM switch using Cat5e cable. In addition to a remote console, you can also have a local console, giving you two access points to the system. A 6' KVM Cable (supplied) connects the local module to KVM /PC.

Features

- Enables you to control a computer or KVM switch from a distance of up to 500 ft.
- Allows for both a local and remote console.
- The remote connection is made using standard Cat5e cable.
- KVM Cable Kit is available in multiple lengths (Tripp Lite P753-Series Cables)
